DRAKE CURRICULUM The Drake Curriculum, required of all undergraduates, is designed to help students meet personal and professional goals as they acquire fundamental knowledge and abilities in ten Areas of Inquiry, including communication, critical thinking, artistic experience, historical consciousness, information and technology literacy, international and multicultural experiences, scientific and quantitative literacy, values and ethics and engaged citizenship. Students work closely with their academic advisers to craft a program of study in general education that prepares students for civic and professional leadership.

The Drake Curriculum also requires first-year seminars, which foster development of critical thinking and written and oral communication skills through a topical focus; and a Senior Capstone, in which students demonstrate the capacity to bring information, skills and ideas to bear on one project.

INTERNSHIPS & OPPORTUNITIES The Theatre Department strongly encourages all students to participate in any and all internship opportunities, and makes all internship information available to students. Recently, students have interned with the Santa Fe Opera, the Goodman and Guthrie Theaters in Chicago, and the Eugene O'Neill Theatre Center in Connecticut. These internships offer students opportunities to make contacts within the industry, to experience auditions, and gain first-hand experience in various work in professional theatre. Theatre students also participate in numerous study-abroad programs.
