

Excellence in Learning and Development

EXCELLENCE IN LEARNING AND DEVELOPMENT PROGRAM CERTIFICATE

Drake University values life-long learning among its faculty, staff and students. The Drake University Excellence in Learning and Development Program is designed with that in mind; emphasizing that varied and frequent learning opportunities enhance personal and professional growth and effectiveness.

The Excellence in Learning and Development Program includes many diverse offerings from which to choose. Participants may earn an Excellence in Learning and Development Certificate and be recognized at an event during the summer of 2008 by completing eight (8) hours of HR approved learning. In addition, participants have the opportunity to earn a specialized certification or "Seal of Excellence".

☆NEW SEAL OF EXCELLENCE CERTIFICATIONS

This year there is a new feature to the Learning and Development Program. Participants who earn the Excellence in Learning and Development certificate can also earn a special designation called a "Seal of Excellence", by completing six (6) of their eight (8) credit hours in one of these topic areas:

Communication and Resources
The Drake Mission
Leadership and Management
Safety and Security

Courses that count toward the "Seal of Excellence" also count toward the Excellence in Learning and Development certificate. While there is no "seal of Excellence" for the work life balance courses, participants who attend at least four (4) sessions are eligible for a special gift. (See the Work Life Balance Series section for details.)

OTHER ON-CAMPUS SESSIONS

Sessions offered by OIT and DTC count toward the eight (8) hour certificate requirement. Attendance information will automatically be shared with HR for purposes of application toward the 8-hour Excellence in Learning Certificate.

In addition, Human Resources will announce opportunities to participate in other on-campus learning sessions that are consistent with the scope and purpose of the Learning and Development Program. Watch the Employee Tab on BlueVIEW for additional program offering announcements.

EXCELLENCE IN LEARNING AND DEVELOPMENT PROGRAM SCHEDULE

The 2007-08 Excellence in Learning and Development Program includes many diverse offerings for Drake University Faculty and Staff. You may choose to attend as many or as few as you like. For those, however, who wish to earn an Excellence in Learning and Development Certificate, participants must attend eight (8) credit hours from the following offerings. Participants may earn a "Seal of Excellence" on their certificate by completing six (6) credit hours in a designated subject matter area. (See prior page for details).

RESOURCES AND COMMUNICATION

COMMUNICATION CHALLENGES: GENERATIONAL & COMMUNICATION STYLE DIFFERENCES (3 Hours)

This interactive workshop is designed to identify personal communication style preferences. Participants will learn how conflict can sometimes arise when differing communication styles are at play. Strategies for cross-generational communication will also be explored. Presenter: Nan Valentine
