

# Health Sciences (Health Care Administration) & Master of Business Administration 3+2

## PROGRAM OVERVIEW

Using graduate course work to fulfill elective requirements, Health Care Administration students are able to complete the four-year degree program plus the online Master of Business Administration (MBA) in a shorter time period than if they were to complete the two separately.

Click [here](#) to view the remaining MBA requirements.

**Bolded courses** must be taken in the designated semester unless prior approval by the College is provided.

**\*Asterisked HSCI courses** have multiple offerings each year; they should be taken within the designated year but can be taken during an alternative semester.

1 = BIO 129/L – Mammalian Physiology or PHAR 125 can be substituted for requirement (courses offered only in fall semester)

2 = HSCI 102 – Health Economics can be substituted for requirement (course offered only in fall semester)

3 = STAT 071: Statistics I – an exception to program policy request may be submitted to fulfill this requirement

**Electives (minimum 36 credits):** Elective credits include [Drake Curriculum](#) requirements not fulfilled by required coursework (outlined below) as well as non-required coursework that permits exploration of and/or advanced study in areas of professional interest within the student's primary degree. Students should review the [student handbook](#) for the complete elective policy. A maximum of 18 graduate level credits can be equated to this undergraduate Health Sciences degree.

**Drake Curriculum Areas of Inquiry not fulfilled by required coursework (12 credits):** Artistic Literacy, Engaged Citizen, Historical Foundations, and Written Communication.

\*\*If not admitted to the MBA program, all credit minimums for **Electives** must be fulfilled to earn a Bachelor of Science in Health Sciences degree.
